      <h2 class="titleText"><span>A</span>bout Us</h2>

      <p>We are able to take decisions by knowledge but knowledge come by reading and
understanding. Learn IT is a way to learn things and

        gaining knowledge for improving your decision making. Learn IT is a optimized for learing
,reading and self evaluation plateform.

        It is a freemium educational website for learning and reading.

        Learn IT offers contents related to each and every field of differents professions.

        Learn IT developed in 2021. In the premises of KIET group of institutions. Learn IT helds one
of biggest workforce

        which is continuously trying for providing the best and relatable content to its users.</p><br>

        <p>Success is all about taking new initiatives. I started developing Learn IT . At the moment, I
was providing
```

training on Java. Meanwhile, I thought, why not to spread my knowledge to the world. So I started developing Learn IT.

If you try to help others, God will help you surely. A student from another teacher came to me and said, Sir I asked for the

slide (PPT) from the Sir (Don't want to mention any name) to my sir and he scolded me. I told him not to worry, we are nothing;

we haven't made Java, we are just delivering

the things in a better way, since I don't use any PPT, I will put all my notes on the web, you people can learn from there.</p>

<p>The educational activities are designed to ensure that there must be a
successful take away for participants. I have greater confidence with incorporating
educational technologies in my teaching.This is a very well organized online teaching
technology
skill - building course.

</p>

<h3>Ritchel</h3>

</div>

<div class="box">

<div class="imgBx">

</div>

<div class="text">

<p>I like the way we got involved into practice by setting goals which are a bit challenging yet we want to achieve successfully.

I learned about many tech tools that I did not know about before. I feel equipped to discuss new possible

educational tech tools for my courses. I have learnt to get interactive through practical teaching with technology.

The new ways of teaching using different platforms allow learners to discover the answer

themselves by a forum discussion and explore how to use tools such as videos to become more independent learners.

</p>

<h3>Marry</h3>
