Jatin(2000290140054)

Presented to:
Dr.Shashank Bhardwaj Sir

CONTENTS:

- Introduction
- Objective
- Data flow Diagram
- Future Development

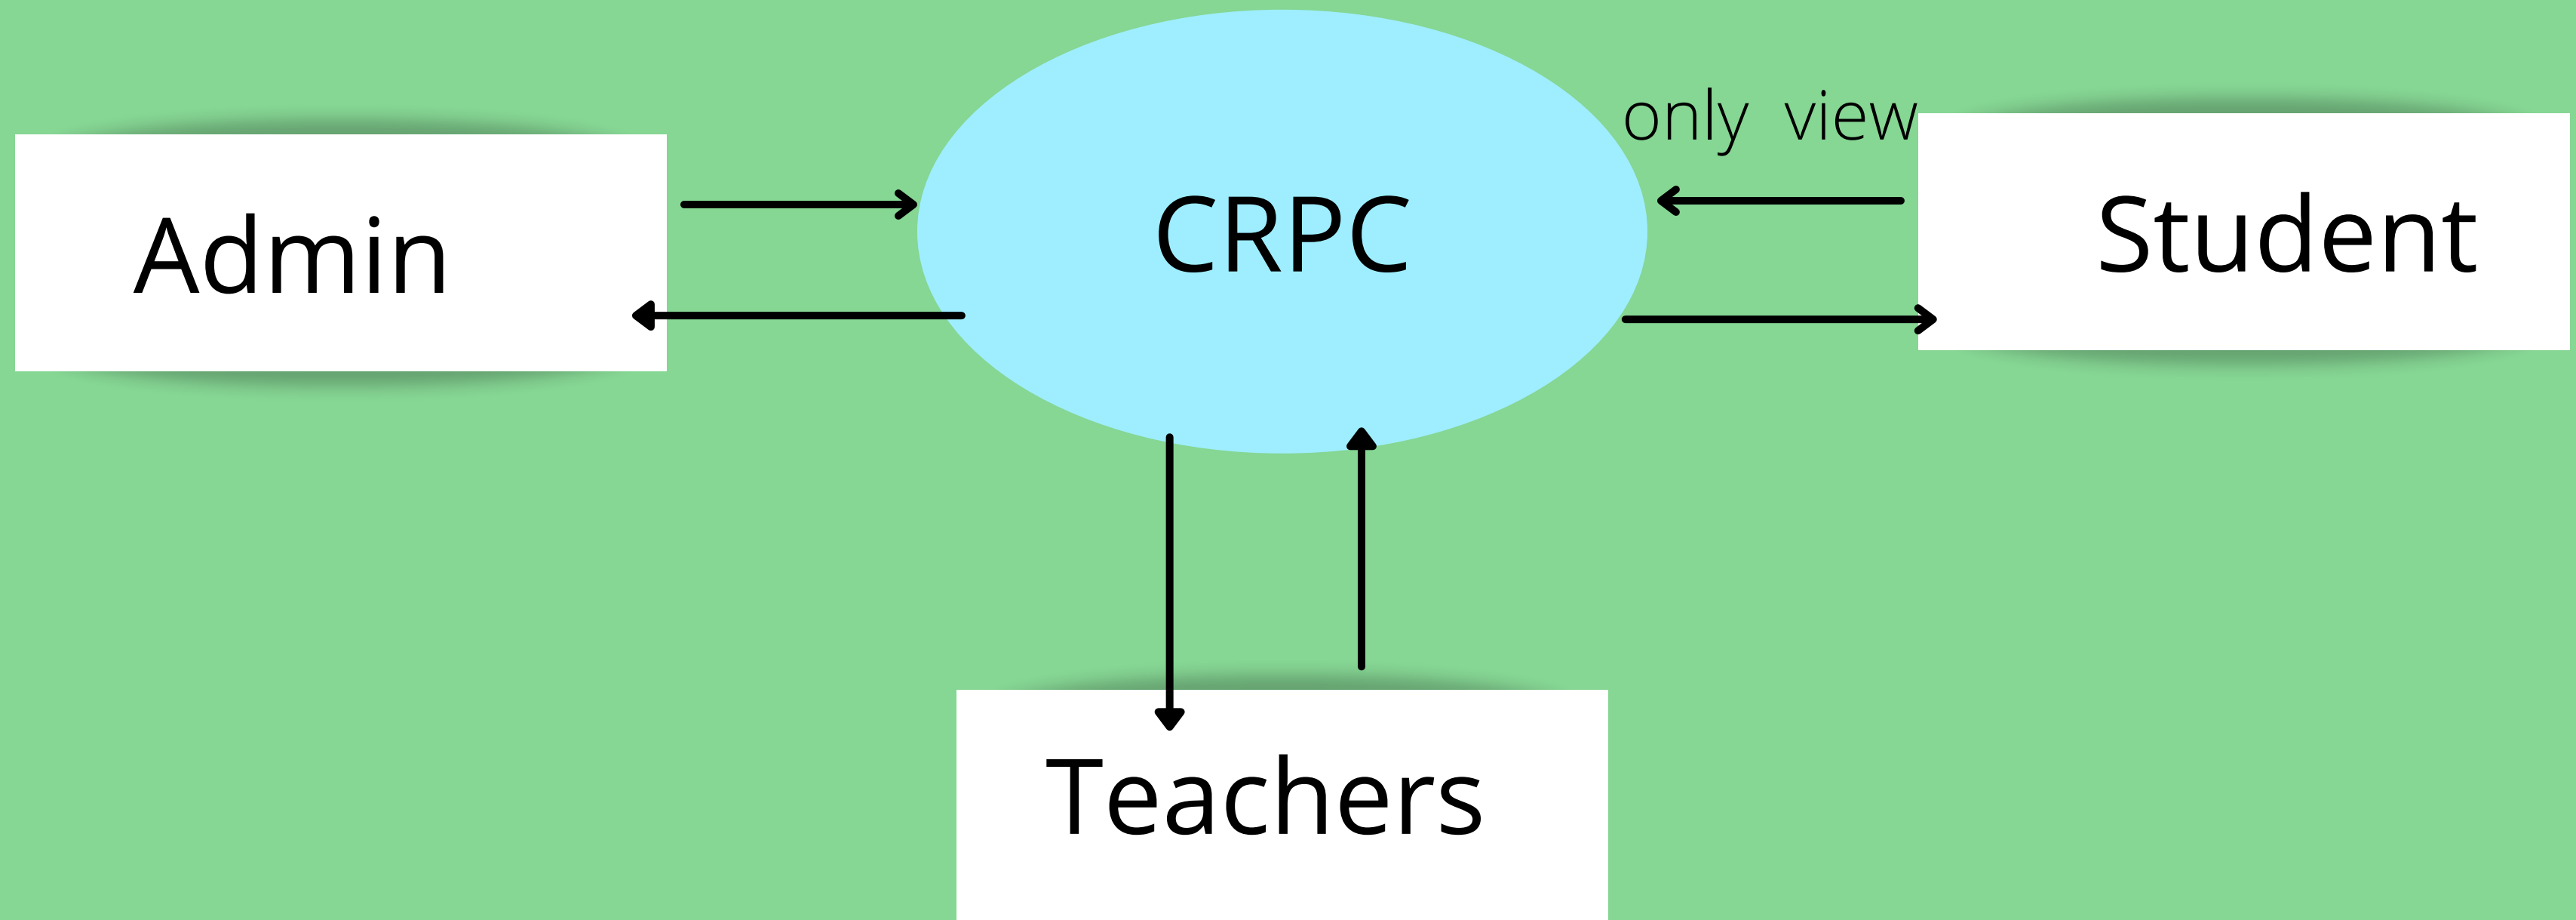

INTRODUCTION

- This project is to facilitate faculty in college to view students profile and placed,unplaced,trained and untrained students.
- The users can access the data easily in no time.
- In the student registration play,we can give personal details and educational qualification.
- The teachers and administrator play an important role in our project.
- The job details of placed,unplaced,trained and untrained students will be provided by the administrator.

OBJECTIVE

- Help in access procedures in placement related activities.
- The facility of maintaining the details of the students.
- Time saving.
- Easily finding out the list of eligible students for company training and placement.
- The proposed system intends user-friendly operations which may resolve ambiguity.

DFD CONTEXT LEVEL

FUTURE DEVELOPMENT:

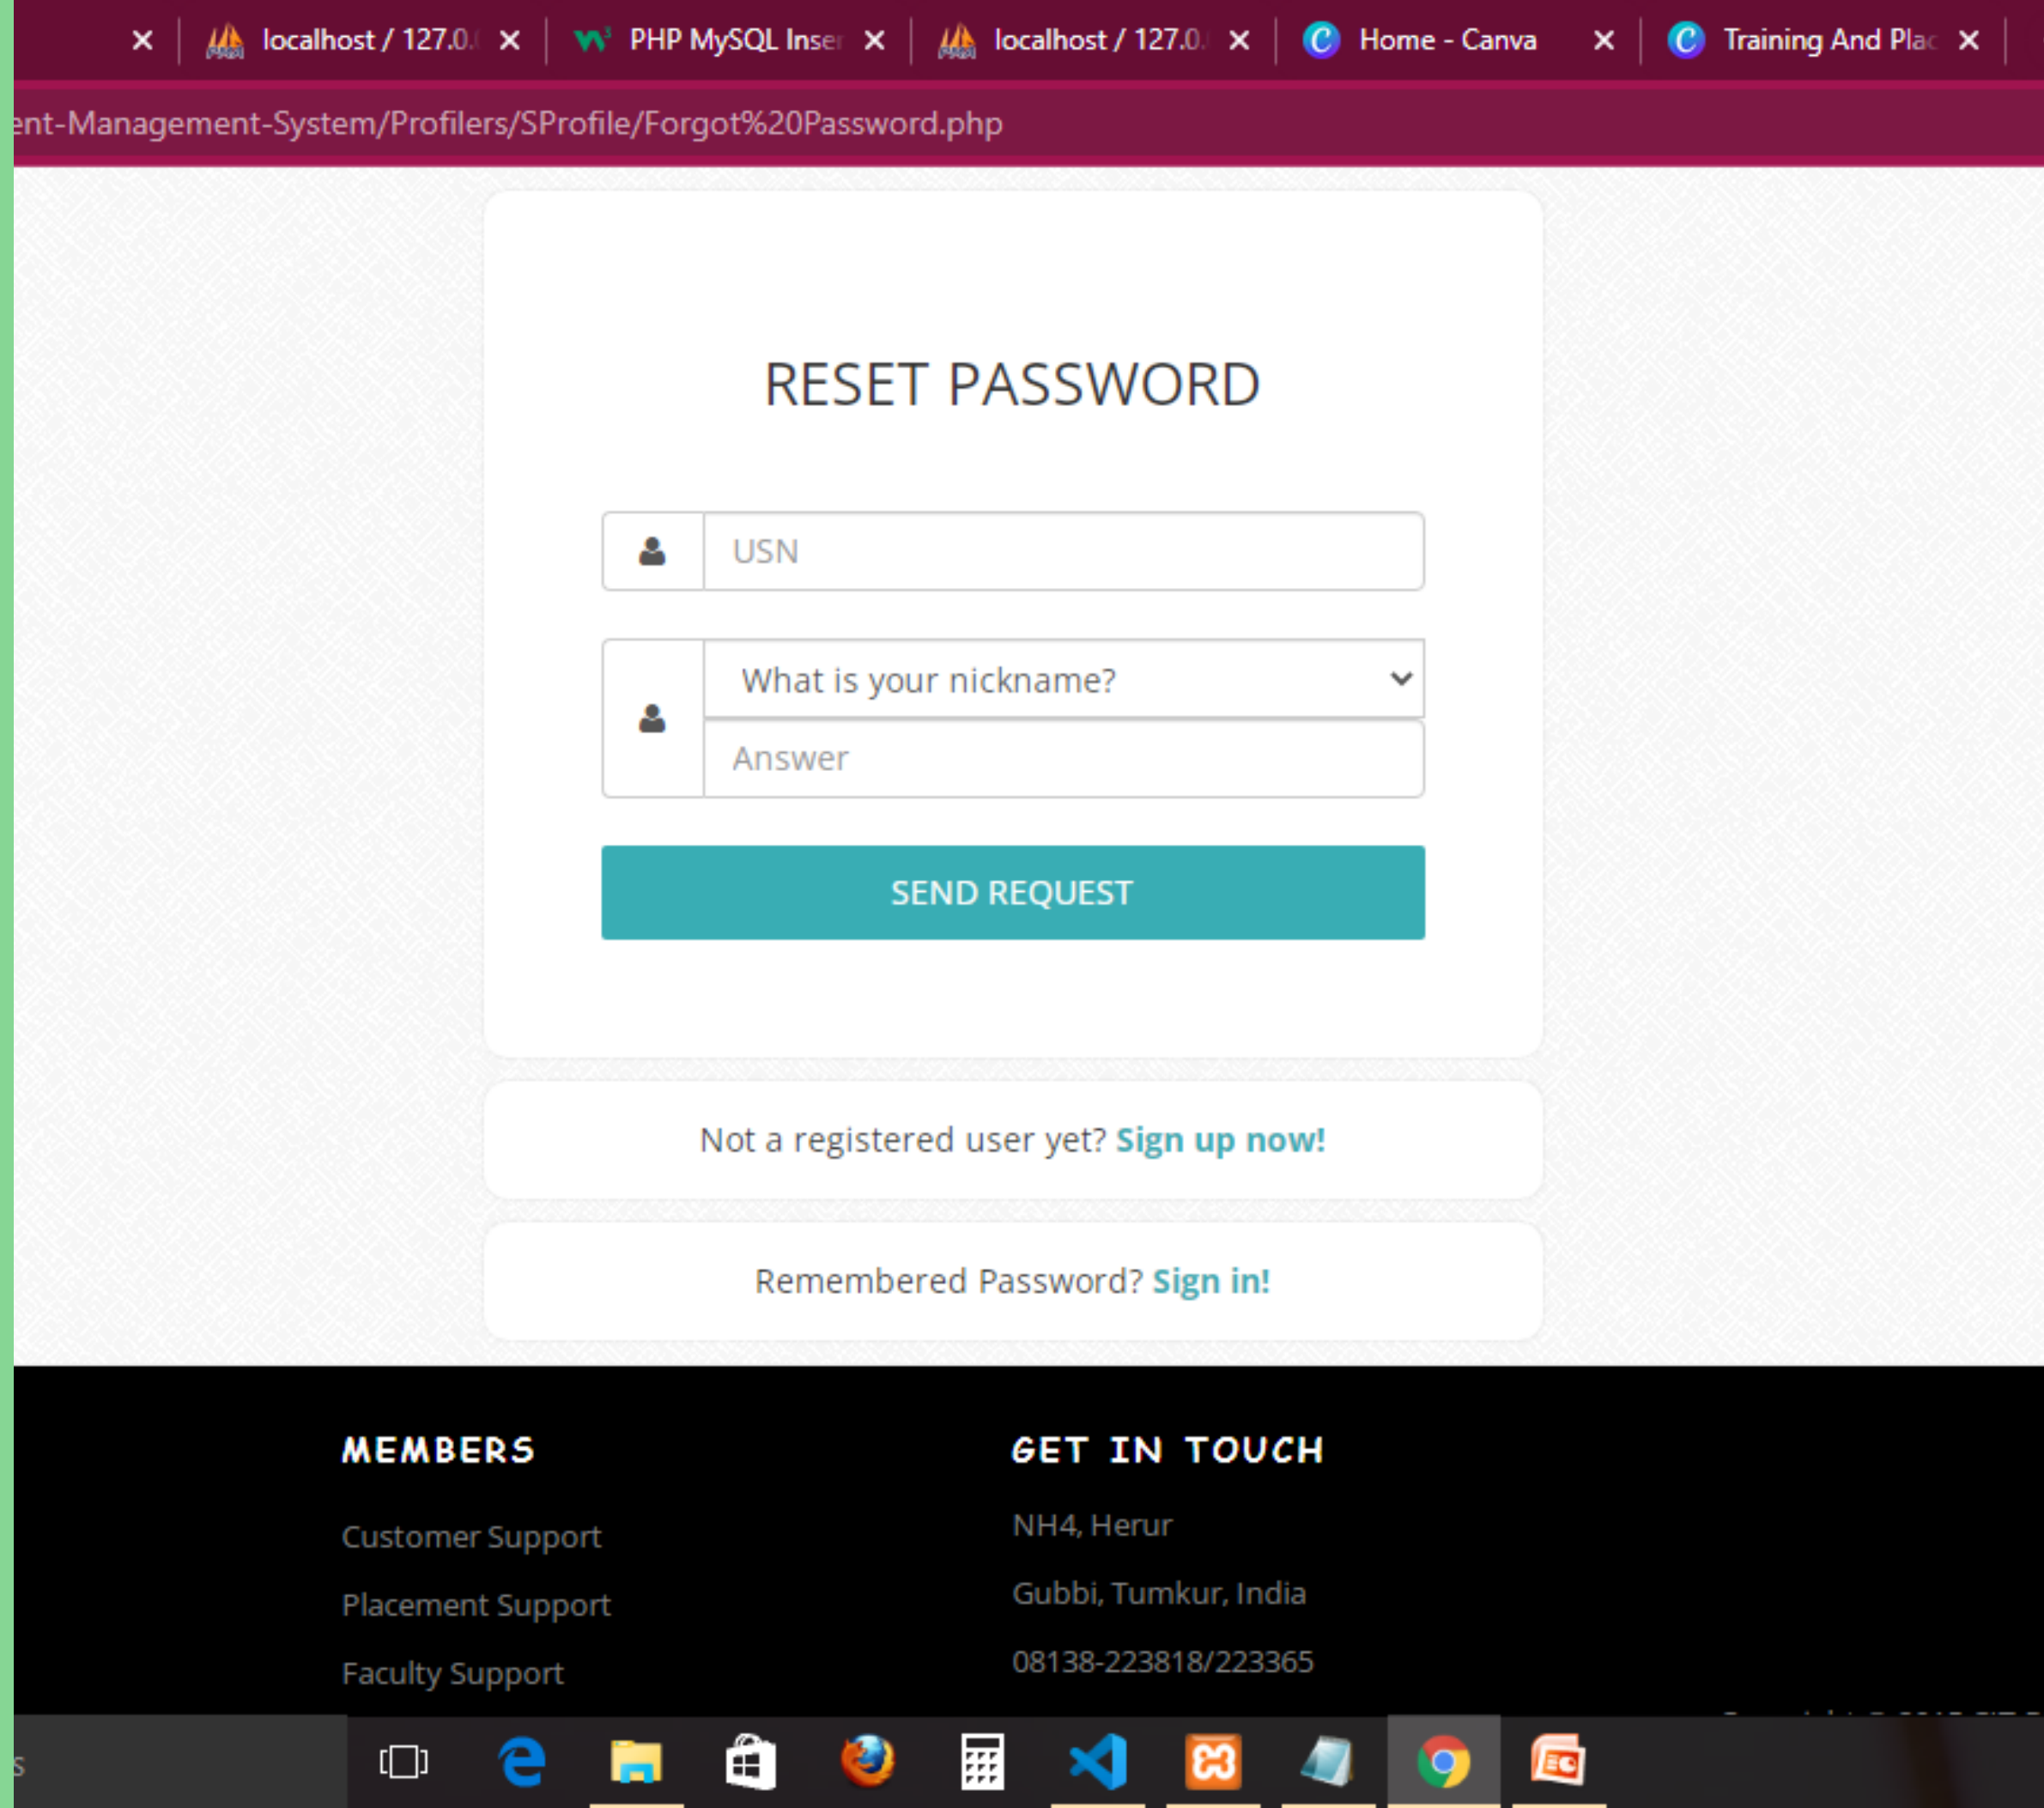

- Printing List
- Email
- Sending Sms
